www.fif.com.pl/reklamacje

Do not dispose of this device to a garbage bin with other unsorted waste!
In accordance with the Waste Electrical and Electronic Equipment Act any household electro-waste can be turned in free of charge and in any quantity to a collection point established for this purpose, as well as to the store in the event of purchasing new equipment (as per the old for new rule, regardless of brand). Electro-waste thrown in the garbage bin or abandoned in the bosom of nature pose a threat to the environment and human health.

Purpose

SEP-02 is used for the separation of control signals in automation systems with dedicated subgroups of control and central control.

Operation

The control signal is passed in the direction of 1 → 2; 3 → 4.
In the opposite direction the signal is blocked.
